PROJECTS

Virtual Escape Room

Fall 2023

• Developed a 3D virtual escape room in Unity with several puzzles that utilize innovative and creative interactions, a well-crafted layout, a compelling theme, and noteworthy visual effects and graphics.

Music Time Fall 2023

• Developed a 2D platformer video game in Unity with unique, music-based level mechanics. Created all the music from scratch.

Chess Visualizations Spring 2023

• Used R Studio to pull chess.com datasets of the top chess players in the world to make five interactive visualizations mapping openings, ELO, board positions, and player locations.

Professional Website Ongoing

• Created/designed my own professional website, picking up HTML, CSS, JavaScript, SCSS. Learned several JavaScript libraries/APIs such as GSAP and jQuery. Involved third party web app hosting with ShinyApps.io and itch.io

SKILLS AND INTERESTS

Python, Java, C++, C#, C, Standard ML, JavaScript, HTML, CSS, SCSS, Unity, R Studio, Git, Microsoft Office Suite, Google Workspace, blender, Da Vinci Resolve, Autodesk Inventor, Sonic Pi, Adobe Photoshop, Adobe Illustrator, Adobe After Effects, Adobe Audition, Adobe Premiere Pro, Ableton Live, Logic Pro

EXPERIENCE

Tutor, Self Employed, Fairfield County, Connecticut

August 2020 – Present

- Instructed students in 2+ hour sessions covering a variety of topics including algebra, trigonometry, geometry, machine learning engines, math fundamentals, computer science fundamentals, and guitar.
- Sessions with a preverbal autistic student that delivered a range of music therapies to engage speech, focus and cooperation—required an ability to adapt to a wide variety of client needs.
- Students range from 6 to 17 years of age.

Intern, RMI Music, Irvington, New York

June 2020 – July 2020

- Coordinated gigs and hired work such as commercial production for clients.
- Edited the portfolio reel to showcase the most relevant works for prospective projects.
- Organized and repaired manuscripts to develop file and data management skills.
